About AAUW California

AAUW California Mission:

AAUW California facilitates California branches in meeting the vision and mission of AAUW by providing programs, education, and resources.

Organized	Incorporated	Branches	Members

The American Association of University Women (AAUW), founded in 1881, is the nation's leading organization advocating equity for women and girls. With 170,000 members and supporters, the mission of AAUW is to advance gender equity for women and girls through research, education and advocacy. People of every race, creed, age, gender, sexual orientation, national origin, and level of physical ability are invited to join.

AAUW California began when the San Francisco branch was established in 1884. By 1921, with thirteen active branches in the state, branch leaders saw a need for a statewide organization. The constitution for AAUW California was approved in October 1921.
